## Discuss Matters

- I. Proposed application for the China Mainland stock market listing of the subsidiary, Prime Technology (Guangzhou) Inc.

< Proposal by Board of Directors >

- Illustration: A. Purpose of applying for listing and trading in an overseas securities market:

To expand into relevant industrial markets within and outside Mainland China, attract and motivate top professional talent, and enhance the global competitiveness of the Group, our subsidiary, Prime Technology (Guangzhou) Inc., intends to first apply for listing on the New Third Board (National Equities Exchange and Quotations). This serves as a preliminary procedure for a subsequent application to list on the Beijing Stock Exchange. Following the New Third Board listing, Prime Technology (Guangzhou) Inc. may, based on policy developments and business performance, submit a listing application to the Shanghai Stock Exchange, Shenzhen Stock Exchange, or Beijing Stock Exchange.

- B. Impact on the finance and business of the Company due to apply for listing and trading in an overseas securities market:

1. Impact on the finance:

- a. If Prime Technology (Guangzhou) Inc. successfully lists on the New Third Board, it will expand its fundraising channels, facilitating the expansion of high-end manufacturing lines and increasing capacity. This is expected to boost revenue and profitability post-listing. Furthermore, it will provide a more efficient financing environment for future operating capital and capital expenditure requirements, thereby reducing financial expenses.
- b. After listing, Prime Technology (Guangzhou) Inc. will remain a consolidated subsidiary of the Company. This will benefit the net profit attributable to the Company as the parent holding company and help enhance overall shareholder equity.

2. Impact on the business:

Prime Technology (Guangzhou) Inc. possesses extensive experience in high-precision electronic product design, R&D, and manufacturing, specializing in COB (Chip on Board) semiconductor packaging and high-precision electronic

production. In the era of AI and high-speed network development, optical communication modules have become a core business. To meet rapidly increasing market demand, a new plant expansion is planned in Johor Bahru, Malaysia. Listing on the securities market will enhance the brand credibility and international visibility of both Prime Technology (Guangzhou) Inc. and the Group. It will also improve customer trust regarding financial transparency and sustainable operations, making it easier to establish long-term partnerships with major international brands and strengthen the customer base in high-end product sectors.

3. Impact of the proposed changes in the organizational structure and business on the listed company:

The FICG will continue to hold shares in Prime Technology (Guangzhou) Inc. indirectly through its offshore subsidiary, 3CEMS CORPORATION, and its two further offshore subsidiaries. There are no changes to the organizational structure or business nature of Prime Technology (Guangzhou) Inc. and its subsidiaries; therefore, there is no impact on the FICG.

C. Method of shareholding dispersal and proposed percentage of shareholding or contributions reduction, basis of price determination, Parties to whom equities (or contributions) are to be assigned or specified persons being contacted:

Prime Technology (Guangzhou) Inc. intends to apply for listing on the New Third Board. Since there is no mandatory requirement for a company to raise funds prior to listing on this board, Prime Technology (Guangzhou) Inc. currently has no plans to issue new shares.

D. Any effect on the ongoing listing of the listed company:

The application for Prime Technology (Guangzhou) Inc. to list on the securities market in Mainland China will be handled in accordance with relevant laws and regulations. As the Company will retain its controlling position over Prime Technology (Guangzhou) Inc., this will not affect the Company's continued listing status in Taiwan.

E. Any other matters that need to be specified:

1. Prime Technology (Guangzhou) Inc. has not yet formally submitted its application. The timing and duration of the future application remain subject to uncertainty and unpredictability.

2. To facilitate the subsidiary's application for listing in Mainland China, it is proposed that the Shareholders' Meeting authorize the Board of Directors (or its authorized person) and/or authorize the Board of Prime Technology (Guangzhou) Inc. (or its authorized person) to make adjustments based on the implementation of the listing plan, opinions from relevant government authorities, local regulations, market conditions, or practical needs, and to handle all matters related to this proposal with full authority.
3. This proposal has been approved by the Board of Directors and is hereby submitted to the Shareholders' Meeting for discussion."
